VANCOUVER CITY BY-LAWS.

No. 182.

A BY-LAW

To provide for the Government and Management, Rates and Rents of the Water-Works System, and Collection thereof.

WHEREAS it is expedient that provision should be made for the government and maintenance of the Water-works system of the City of Vancouver, and to fix the rates payable for the use of water supplied by the City, and for the collection and enforcing the payment of the same by making them a charge on the lands of the owners or tenants using the water, and for enabling the same to be recovered in the same manner as overdue taxes.

Be it therefore enacted by the Mayor and Council, in open meeting assembled, as follows:—

1. That the water rates or rents to be charged and payable by consumers for the supply of water to them within the limits of the city shall be those set forth in the Schedule hereto annexed; that all water rates or rents (except 'meter' rates, which shall be paid monthly) shall become due and be payable quarterly, in advance, at the office of the Clerk to the Water-works Committee, on the first day of the months of January, April, July and October, in each and every year, save and except water rates for building or other special purposes, which shall be payable in advance, when an agreement for the supply has been made at the Water-works office.

2. That a discount of twenty per cent. shall be allowed on all rates paid previous to the day on which they shall become due, and twenty days after, except rates for building or other special purposes, which shall be net rates, payable in advance.

3. In no case shall a service be laid for a less annual rental than \$12.00.

4. The expense of connecting service with main to within twelve inches of the boundary of the lot on which the buildings are erected will be borne by the City and the work performed by it; but the expense of the distribution of water from twelve inches outside the boundary of the lot through such lot, houses, stores, offices, buildings, or parts of buildings, shall be borne by the proprietors, tenants, or occupants. No premises shall be entitled to more than one free service, and no free service be granted for lawn purposes only.

5. That all plumbers' work connecting the Water-works system with or contained in any lands, premises, house, store, office, building, or part of a building, shall be done in a good and workmanlike manner with first-class materials, sufficiently strong to resist the pressure of the Water-works system and the water contained therein, and in accordance with the provisions of the Plumbing by-laws of the city, and all cocks and other appliances used for the purpose of drawing off the water shall be made upon the compression principle, and shall be subject to the approval of the said City Water-works Committee, or duly authorized agents or officers, and should any such work or materials be not approved by the said Water-works Committee, their officers or agents, or become out of repair, it shall be lawful for the said Committee,

or authorized officer, to turn off or refuse to turn on the supply of water; and no plumber or plumbers, their workmen or servants, shall be allowed to make any connection with the said Water-works system for any purpose whatsoever, unless he or they shall have first received permission in writing from the Clerk to the Committee to make such connection, on each and every separate occasion.

6. That it shall be lawful for the said Committee, whenever they shall deem it advisable, to compel the use of water meters by any consumer or consumers, and to refuse to supply water to any premises whatsoever, unless the person or persons requiring the water shall first sign an agreement to take, use and pay for such water according to the form provided for that purpose; that no water meter shall be used in connection with the Water-works system by any person or persons, unless said water meter shall have been first authorized by the said Committee. Every owner, tenant or occupant shall give every facility for the introduction and protection of water meters placed upon their premises; that whenever any person or persons refuse to pay water rates or rents within the time specified in the said agreement for the water as registered by the water meter, it shall and may be lawful for the said Committee to cut off the supply, and also in every such case to collect the water rates or rents for the water supplied, as if no water meter had been used; and in all cases where the water meter indicates that no water has been used, it shall and may be lawful to charge and collect the same water rates as if no water meter had been introduced.

7. That in case of the nonpayment of water rates or rents by any person or persons for twenty days after the expiration of the day upon which the same shall have become due or payable, the said Committee, or their duly authorized officers or agents, may cut off the supply of water from any lands, premises, house, store, office, building, or part of building, upon which the said water rates or rent shall be due, and the water shall not again be turned on except upon payment of all arrears due, and the further sum of one dollar to pay for the expense of turning the water on and off.

8. That water shall be introduced into lands, premises, houses, stores, offices, buildings, or parts of buildings, only upon the signature of the owners or their duly authorized agents, who shall sign the proper application provided for that purpose.

9. That any person or persons lending, selling, giving, or otherwise disposing of the water supplied by the said City, or permitting the water to be taken or carried away for the use or benefit of others, or increasing the supply agreed for with the said City, or wrongfully neglecting or improperly wasting the water, shall upon conviction thereof pay a penalty not exceeding twenty dollars, or in default shall be liable to imprisonment in the common jail for a period not exceeding one calendar month, with or without hard labour.

10. That no additional tap or water cock shall be attached by any person or persons to any premises whatsoever or wherever, without the permission of the said Committee first obtained for that purpose.

11. That all hose, jets and cocks used by a consumer or consumers shall be subject to the approval of the said Committee or their authorized agents for the time being.

12. That no person or persons, except those duly authorized by the said Committee, shall tap or make any connection with the main or other distribution pipes of the said Water-works system in any manner whatsoever.

13. That all persons taking water shall keep their own service pipe and all fixtures connected therewith well protected from frost, at their expense, and also shall keep in good repair, or replace by a new one when necessary, the compression cock placed by them at the termination of the service pipe.

14. That no application shall be entertained for water to supply any premises in respect of which water rates or rents, or the price of service extension, are due to the said Committee, until such indebtedness is paid. The water may be withheld from any person who is in arrears for water rates or rents, or the price of service extension, until the amount due shall be paid, whether such person resides on the premises where the water was used for which he is in arrears, or on any other premises where water be supplied.

15. That washing windows with hose between the hours of eight o'clock in the morning and five o'clock in the evening shall not be allowed, and sprinkling the streets with hose by private consumers is hereby

strictly forbidden; and no person or persons shall be allowed to sprinkle or use in any manner whatsoever the water supplied by the City upon lawns, gardens, yards or grounds of any description, except between the hours of five and nine o'clock in the morning, and the hours of five and eleven o'clock in the evening.

16. The turn-cocks in or under the sidewalks or public streets are the property of the said City, and any person or persons found tampering with them in any way will be prosecuted.

17. If at any time it shall appear that a wrong statement has been made of the number of rooms in a house or building for the purpose for which the water was to be used, or there has been any addition made to, or alteration in, the premises of any consumer or consumers, it shall be the duty of the Clerk to make the proper correction forthwith.

18. No water rate or rent shall be charged for a less period than three months, except by special agreement made with the Committee.

19. Any person or persons who may require water for building purposes shall make application in writing to the Clerk, accompanied by an estimate of the number of bricks, cords of stone, yards of plastering, and yards of cement or concrete, for which the water is required, and pay the water rates in advance upon such estimated quantities; and if more materials are used, or intended to be used, than that stated in the original estimates, the applicant or applicants shall pay the extra additional charges forthwith.

20. When statements are made of the quantity of water used, or to be used, the Clerk may require the same to be verified by a statutory declaration.

21. The right is hereby reserved to suspend or stop the supply of water by resolution of the Water-works Committee for the City, to all customers for use in fountains, or by jets, garden hose, or sprinklers, or to further limit the hours for using the same, whenever in the discretion of the said Committee the public interests may require it.

22. The Clerk to the Water-works Committee may have the water shut off the premises of any person or persons not complying with any of the rules and regulations made by the said Committee; and in cases where the water has been shut off for allowing waste or leaks, or defects in pipes or cocks, he shall refuse to turn it on again until he shall receive satisfactory evidence that the necessary repairs have been properly made.

23. That a register shall be kept showing the name or names of the person, persons, partnership, or corporate body to whom water has been from time to time supplied by the City, the number of gallons, when known, used by each such person, persons, or body corporate, the amounts payable therefor, and the dates when such payments became overdue.

24. That when any water rate due or money payable for the use of water supplied by the City shall be overdue for a period of six months a list of the said arrears, rates, dues, or monies payable, as aforesaid, shall be handed to the City Treasurer, hereinafter called the Collector, for collection.

25. That on receiving the said list the Collector shall forthwith serve upon or transmit by mail (registered) a notice containing a statement and demand for the rates due, or monies payable, as aforesaid, to each person, persons, or body corporate, whose name appears on the list of arrears, or to the agent of such person, persons, or body corporate, if absent, and such statement and demand shall mention the time when and the amount of such rates, dues, or monies are required to be paid, and the said Collector shall enter the date of mailing such notice on the said list of arrears opposite the name of the person, persons, or body corporate owing such rates, dues, or monies, and such entry shall be *prima facie* evidence of the mailing of the same.

26. That any person, persons, or body corporate who personally, or by his agent in the City, shall have been served with, or shall have had such statement mailed to him, as aforesaid, neglects to pay the said rates, dues, or monies payable for thirty days after demand, as aforesaid, the Collector may, by himself or agent, levy the same with costs by distress and sale of the goods and chattels of the person, persons, or body corporate who ought to pay the same, or any goods and chattels in his possession, or in the possession of any person for him, wherever the same may be found in the City. Notice shall be given by posters posted up in at least three of the most public places of the City, and in three issues of one or more newspapers published therein, when and where the sale of goods and chattels distrained is to be made, giving at least eight

days' public notice of sale, and of the name of the person whose property is to be sold, and at the time named in the notice the Collector or his agent shall sell at public auction the goods and chattels distrained, or so much thereof as may be necessary. And in all cases when goods and chattels are enclosed, or supposed to be enclosed, by doors, or houses, barns, or outbuildings, cupboards, or other close places, whether enclosed by walls, fences, gates, or otherwise, the seizing officer may open the same, or cause the same to be opened, in the presence of two witnesses with all necessary force to effect the said opening, and in all cases goods and chattels in and upon the premises in respect of which the rates, dues, or monies where the water has been used are due, shall be liable for the payment of the same.

27. That if the goods and chattels seized are sold for more than the whole amount levied for and the costs attending the seizure and sale, the surplus, on demand, shall be returned to the person, persons, or body corporate, in whose possession such goods and chattels were at the time when the seizure was made, and, in case said surplus shall not be demanded, it shall be held by the Treasurer, and remain in the hands of said Treasurer to be held for and paid over, on demand, to the person, persons, or body corporate in whose possession such goods were, as aforesaid, or otherwise to the person entitled as owner of said goods and chattels to said surplus.

28. That if any of the rates, dues, or monies payable on the said list remain unpaid and the Collector is unable to collect the same, he shall show on the list when returned opposite to each name the reason why same could not be collected by adding the words "non-resident," or "not sufficient property to distrain," as the case may be.

29. The rates, dues, and monies payable, as aforesaid, shall be a special lien on such lands, goods, and chattels on or in respect of which the water supplied by the City was used and the debt incurred having preference to any claim, lien, privilege, or incumbrance of any party except the Crown, and shall not require registration to preserve it.

30. The Corporation may register with the Registrar of Titles all rates, dues, or monies payable on the land in respect of water used or supplied to owners or tenants thereon at the expiration of the fiscal year.

31. Nothing in this by-law shall be construed to make it obligatory on the City to supply water continuously, but will, as far as possible, do so; but if the water is shut off for more than 24 hours at any one time, the City will deduct from the accounts for water due an amount in proportion to the number of days during which the water is so shut off.

32. Any person, persons, or body corporate, being dissatisfied with the accounts for dues owing by them to the City, for water used by them shall, within the period of ten days after such account is mailed to them, give notice to the Clerk of the Water Works Committee stating what items of such account is objected to by them, and in default of such notice being sent, as aforesaid, no complaint as to the incorrectness of the account will be entertained by the said Committee.

33. The Clerk to Water Works Committee, or any officer duly authorized by such Committee for that purpose, shall have the right to enter premises where water supplied by the City may be used, at all reasonable times, for the purpose solely of inspecting and ascertaining whether the provisions of this by-law, or any regulation made thereunder, are being duly observed by the person, persons, or body corporate using such water.

34. Any person guilty of an infraction of any of the provisions of this by-law shall, on conviction before the Mayor, Police Magistrate, or any Justice or Justices of the Peace having jurisdiction, forfeit and pay a penalty, in the discretion of the Mayor, Police Magistrate, or Justice or Justices convicting, not exceeding the sum of one hundred dollars and costs for each offence, and in default of payment thereof it shall be lawful for the Mayor, Police Magistrate, or Justice or Justices of the Peace so convicting, as aforesaid, to issue a warrant under his hand and seal to levy the said penalty and costs, or penalties or costs only, by distress and sale of the offender or offenders' goods and chattels, and should there be no sufficient distress to satisfy the said penalty and costs, or penalty or costs only, it shall and may be lawful for the Mayor, Police Magistrate, or Justice or Justices convicting, to commit the offender or offenders to any lock-up house in the said City, or in the Provincial

gaol of New Westminster, for any period not exceeding two months.

35. That the provisions contained in the 58th and 83rd clauses, inclusive, of the "Vancouver City Incorporation Act, 1886," 49 Vict., cap. 32, shall be taken and read as part of this by-law in so far as they may be applicable to the recovery of the rates, dues, and monies payable, as aforesaid, by the sale of lands, as if they had been enacted for the recovery of the said rates, dues, and monies due for the supply of water in lieu of taxes. And the powers and authorities granted and conferred thereby to and in the Collector therein mentioned are hereby granted and conferred to and in the Collector hereinbefore mentioned. VANCOUVER CITY BY-LAWS.

No. 183.

A By-Law to regulate the Width of Tires and Wheels of Vehicles.

WHEREAS it is deemed expedient that the width of all tires and wheels of all vehicles used in the City of Vancouver for the conveyance of merchandise, articles or burden goods, wares, should be regulated :

Be it therefore enacted by the Mayor and Council of the City of Vancouver, in open meeting assembled, as follows :—

1. No person, persons, or body corporate shall use, or procure the use of, within the City of Vancouver, any waggon, cart, dray, or other vehicle of heavy draught upon any of the public streets for the purpose of or capable of drawing or conveying any articles of merchandise, brick, sand, iron, wood, stones, coal, or goods of any description when the weight of the load on the waggon, cart, dray, or other vehicle, or which it is capable of carrying, exceeds three tons, unless the tires upon the wheels of such waggon, cart, dray, or other vehicle are of a width of at least four inches ; and when the weight of the load, or the weight of the load which it is capable of carrying, exceeds two tons and does not exceed three tons, are of a width of at least three inches ; and when the weight of the load, or the weight of the load which it is capable of carrying, is under two tons, are of a width of at least two and a half inches.

2. No person, persons, or body corporate shall use, or procure the use of, in the public streets of the city, any two-wheeled dump cart, unless the tires of the wheels of such dump cart are at least three and a half inches in width.

3. The Street Inspector or any constable of the city shall have the authority, on suspecting or receiving information that any waggon, cart, dray, or other vehicle is being used on the public streets of the city in contravention of the provisions of this by-law, to require the owner or driver of such waggon, cart, dray, or other vehicle to have the load being carried by such waggon, cart, dray, or other vehicle weighed by such owner or driver at the nearest public weigh scale, and in the event of such owner or driver refusing to have the same weighed when so requested, he shall be deemed to have been guilty of an infraction of this by-law, and be liable to the penalties thereof.

4. The owner of every cart, waggon, dray, or vehicle used for the conveyance of goods, wares, or merchandise upon or through any of the public streets of the City of Vancouver shall annually, before the 30th day of June in each year, register the same in his own name in the office of the License Inspector, and at the same time declare what weight of goods, wares, or merchandise such waggon, cart, dray, or vehicle is capable of carrying, and shall obtain from such License Inspector a plate with the tare inscribed thereon, bearing the number of such waggon or other vehicle and the number of tons it is capable of carrying, and shall affix and retain to such waggon, cart, or other vehicle, on the off-side thereof, such plate in a conspicuous part thereof. Any owner making a declaration stating incorrectly what weight such cart, waggon, dray, or other vehicle is capable of carrying shall be deemed to be guilty of an infraction of this by-law, and liable to the penalties thereof. The provisions of this clause shall not apply to transient vehicles owned outside the said city.

5. Any waggon, cart, dray, or other vehicle, the body of which is on springs, shall be allowed to have tires to the wheels thereof one-half inch less in width than the width of tires be this by-law provided.

6. Upon every conviction under this by-law, the convicting Magistrate, besides imposing a penalty, shall order the defendant to make the necessary alteration in the wheels and tires of his vehicle by a day to be named in the said order, and the neglect or refusal of the defendant to obey such order shall constitute a fresh offence against this by-law, for which offence a new conviction may be had and a new order made, until some one of such successive orders shall have been obeyed by the defendant.

7. Any person guilty of an infraction of any of the provisions of this by-law shall, on conviction before the Mayor, Police Magistrate, or any Justice or Justices of the Peace having jurisdiction, forfeit and pay a penalty, in the discretion of the Mayor, Police Magistrate, or Justice or Justices convicting, not ex-

ceeding the sum of ten dollars and costs for the first offence, and a sum not exceeding one hundred dollars for each subsequent offence; and in default of payment thereof it shall be lawful for the Mayor, Police Magistrate, or Justice or Justices of the Peace so convicting as aforesaid to issue a warrant under his hand and seal to levy the said penalty and costs, or penalty or costs only, by distress and sale of the offender or offenders' goods and chattels, and should there be no sufficient distress to satisfy the said penalty and costs, or penalty or costs only, it shall and may be lawful for the Mayor, Police Magistrate, or Justice or Justices convicting, to commit the offender or offenders to any lock-up house in the said city, or in the Provincial Gaol of New Westminster, for any period not exceeding two months.

This by-law shall take effect and come into force two months from the passing hereof.
